To save you time and make our web services even easier to use, some areas of the website allow you to create an account using your personal information. Here's how it works: Simply fill out a brief profile—your name, phone number, and email address—then choose a password for security. The system saves your information and assigns you a personal account.

For example, we give shipping companies this information so they can deliver your products efficiently. The information they receive is for shipping and delivery purposes only, and we require that the companies safeguard your personal information in accordance with our policies.

At times we may be required by law or legal process to disclose your personal information. We may also disclose information about you if we believe that disclosure is necessary for the public interest.

### **How we protect your personal information**

We safeguard the security of the data you send us with physical, electronic, and managerial procedures. Change your passwords often, use a combination of letters and numbers, and make sure you use a secure browser.
